## Relief Is Slow

Notwithstanding the many complaints to be heard with regard to the poor service the householders of Tonopah receive in having garbage removed from their residences, no relief appears in sight. In several instances garbage barrels have stood for weeks without being emptied, and in such cases the residents have been forced to use lime and other disinfectants for sanitary purposes.

Such a condition is deplorable and prompt action should be taken by the board of county commissioners at their July meeting. A bond has been exacted as a guarantee of good faith on the part of the present contractor, and it is within the power of the commissioners to declare the bond forfeited and award the contract to some person who will faithfully carry out the work demanded.

It appears that a favored few receive prompt service from the present scavenger, while the great majority are forced to wait until such time as is convenient for the official purveyor to transport the filth to the city dumps. The enforced delay is dangerous for garbage decays hastily during the hot weather, and it is a very easy matter for an epidemic to start from this source.

## The Lust for Power

Several prominent democrats in several prominent Nevada cities requested Lieutenant Governor Ross, who was acting governor during the absence of Governor Odell from the state, to appoint a United States senator in the place of the late Senator Nixon. The move fell flat for at the last moment it was realized that the appointment of George Wingfield to fill the vacancy was a matter of record notwithstanding that Wingfield has neither refused nor accepted the appointment.

Such tactics on the part of the democrats who were back of the affair is not to be commended. It merely shows what a certain class of people will attempt to do when they think they have the power. In this case the interests of Nevada were not considered, political interest being the main factor of the sudden activity. The lieutenant governor, for a wonder, realized the error of making such an appointment, as he was requested to do, and denied the requests.

For the first time in years Indian war dances, participated in by Indians from at least five tribes, will be held in Tonopah during the coming Fourth of July celebration. The dances will not be of the variety usually witnessed in a wild west show, but will be the real thing, and probably will be the last dance of its kind ever held in Nevada. At the present rate of decrease the Indians will have passed out of existence before many years pass, and, with their going, will vanish the ancient habits of the red men.

From the large list of democratic aspirants for president it would appear that the only salvation for the country would be to elect every one.

Press dispatches announce that Roosevelt has been holding conferences with George Perkins, the iron trust magnate, and Filan, the steel magnate. However, according to Roosevelt the two men are merely leaders of the progressive party. If the two gentlemen in question happened to be supporting Taft they would be termed bosses by the vaillant ex-president. Circumstances always alter such cases.

Governor Hiram Johnson of California is an excellent imitator of Colonel Roosevelt. On his return to Sacramento from the Chicago convention he announced that he had been to a "bully good fight." And Johnson continues to pose as being the original railroad tamer.

While the republican convention was in session the price of silver jumped to 62 cents. When the democrats met the price started to decline. Is it a coincidence or is there a reason?

It looks as if somebody's dog was treated at the Baltimore convention in the same manner as the Chicago delegates treated the hat of a certain gentleman.

Honors are being heaped upon the common people just now but after November it will be just a little bit different. Such is politics.

Not that the democrats were at all superstitious, but they refused to nominate a candidate on Friday.

## STOCK RANCH FOR SALE

3,000 acres of U. S. patented land in heart of Sonoma county, Cal.; the water rights control scattered fractions aggregating several hundreds of "possessory" title acres; all fenced and cross-fenced. Abundantly watered by flowing streams and living springs; now used for cattle and hogs; in a thermal belt where oranges, lemons, limes, etc., grow perfectly; hundreds of acres adapted to apples, prunes, cherries, pears, grapes, walnuts, almonds, etc. Some very rich garden, berry, corn and hay land. Only 2½ miles from post and express offices, telephone, etc. A 1,000,000 gallon coopersage winery; not far from railroad and live towns. Owner is rich and retiring from active affairs of life. The price is but \$10 per acre—\$30,000—the "possessory" acres are free. Lots of timber and near markets. The delightful balmy climate is due to the county's near-by 70 miles of sea coast, and 48 inches annual rainfall. This is a great bargain for either investment or speculation.
